COURSE DESCRIPTION:

In close cooperation with the LMU Munich International Office the IUCM offers German courses for language levels A1-C1 according to CEFR (Common European Framework of Reference for Languages).

The aim of the course is to prepare students linguistically and culturally for studying at LMU and for living in Munich. In addition to the general language lessons, you will learn vocabulary, grammatical structures and cultural particularities, which are especially relevant for studying. Improvement and consolidation of language skills in German are the focus of the interactive class.

A Campus Orientation is part of the intensive course. These include special modules in the course (e.g. communication with the lecturer)

Placement in the different course levels is done by means of an online placement test, which is sent by e-mail to register course participants approximately two weeks before the course starts.

COURSE CONTENT:

In addition to general language instruction, the focus from the second week is on university-specific content.

The course will also examine and explore social contexts relating to everyday life and culture in Munich. Depending on the language proficiency and interest of each group, further topics (esp. current topics) will be covered regarding German history, society, politics, literature, art, music, German television, and movies.

The course aims to promote intercultural learning. Intercultural learning will not be limited to Germans and their culture, but also extend to the participants' cultures. Teachers will therefore strongly encourage communication among participants about their individual cultures.

COURSE ELEMENTS:

- Onboarding:
On the first day of the course you get to know your teacher and your fellow students. You will also get to know your classroom and the area around the university.
- Arriving in Germany:
