

REMOTE STUDY PREPARATION GERMAN LANGUAGE COURSE IN MARCH & SEPTEMBER

The IUCM offers German courses for the preparation of studying for the language levels A1- C1 according to the CEFR (Common European Framework of Reference of Languages).

The aim of the preparation course is to prepare linguistically and culturally for studying at the LMU and for living in Munich as a student. In addition to the general language lessons, participants will be taught in vocabulary, grammatical structures and cultural particularities, which are especially relevant for studying. Improvement and consolidation of language skills in German are the focus of the interactive class. A campus orientation is part of the intensive course.

The classes are conducted by experienced staff which is university educated and has a degree in German as a foreign language. The course ends with an internal LMU exam (not like DSH, TestDaF etc. which entitles for a study at the university). Each student receives a certificate with ECTS credits.

GENERAL COURSE DESCRIPTION AND OBJECTIVES

This four-week German language course is an intensive class. It is designed for foreign students in all areas of study and provides language training at all levels. The main goal of the course is to combine language training with regional and cultural studies. Thus, each course is designed to teach the language within academic, cultural and societal contexts. Students will deepen their knowledge of Germany, while simultaneously developing their language skills. One focus will be the German higher education system and student life in Germany. The course will also examine and explore social contexts relating to everyday life and culture in Munich. Depending on the language proficiency and interest of each group, further topics (esp. current topics) will be covered regarding German history, society, politics, literature, art, music, German television and movies.

The course aims to promote intercultural learning. Intercultural learning will not be limited to Germans and their culture, but also extend to the participants' cultures. Teachers will therefore strongly encourage communication among participants about their individual cultures.

Extracurricular activities, such as visiting the permanent exhibition "DenkStätte Weiße Rose", will be coordinated in class beforehand and discussed in subsequent classes as follow-up to the excursion.

PREREQUISITES AND PLACEMENT TEST

Groups shall be assigned according to the results of an online placement test, distributed by email in July or February. All participants must complete the online placement test. This guarantees that the language teaching level within each class is tailored to the ability of the participants.
